DISCUSSION QUESTIONS

About the lecture (to be discussed each time)

- What was most interesting/inspiring for you in the lecture?
- What brought up questions?

About you:

Draw a picture that illustrates where you stand in relation to Planetary Health. Explain this to the others.

Discuss in small groups:

- How is Planetary Health relevant in your specific context?
- How are you/can you get active in this context?

Snap a picture!

We would love to see how you learn through and discuss about the Planetary Health Academy. Send us a picture or post it on social media with #PlanetaryHealthAcademy or tag @healthforfuturedeutschland
